

What a way to start the 2005 Season!

Mikey had his 1st points race of the season at Pinnacle Raceway on Saturday 4/16/05. He qualified in the 3rd position with his tiger sprint. He was very excited to get the racing season going. Mikey ran an awesome race, he made a last lap pass, so low he ran in the grass a little bit just in time to come home with 2nd place! He was excited with his finish for the day considering his crew chief (dad) said that his motor wasn't giving him full horsepower. Stop by next Saturday morning to see if Mikey has enough horsepower for 1st place.

Mikey also had his 1st points race of the season at the Tri-State Kart Club in Pomfret, CT on Sunday 4/17/05. Mikey won the qualifying race which gave him the pole position for the feature event. Mikey got pushed into the dirt on the start, they re-started and it happened again so the race director decided to start them single file while reminding the other driver to look before trying to drive where someone else already is. Mikey got quite a lead right away and the only car that started to close in on him a little bit blew his motor which only gave Mikey a bigger lead and to come to the checkered flag FIRST! Mikey was very excited to win the season opener in Pomfret.

Mikey has a big weekend coming up. He not only has a race @ Pinnacle Raceway on Saturday 4/23, but that race is also part of a 4 race All Star Series created by Wild Thing Karts. Wade Gagner of Wild Thing Karts is the sole manufacturer for the tiger sprint karts and outlaws which run at the three tracks in which Mikey races. Mikey will also be racing again on Sunday 4/24 in Pomfret, CT where there is usually a lot of excitement going on. Be sure to check out Mikey's web site for frequent updates and don't forget to check out the sponsor page because without them Mikey wouldn't be able to do as much racing as he loves to do.

If you stop in to see one of our sponsors, let them know that Mikey (from Arel Racing) sent you.
